THERMOLLY FUSED LAMINATE (TFL) - DRAWER FRONTS

STOR-MORE
CLOSET & BLINDS

SLAB

These TFL faces, often called melamine, are fused with laser-edge technology (when available).

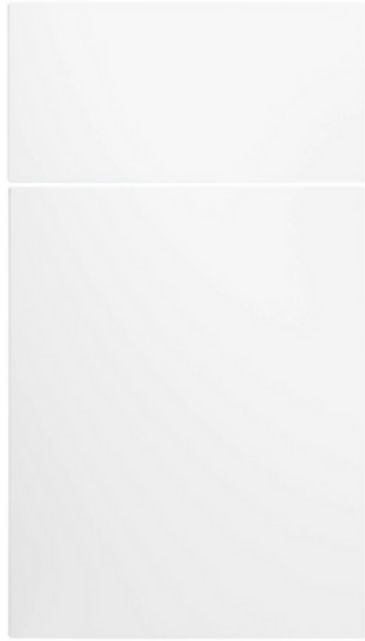

Our CNC machines and edge banders will fabricate the parts you need, to your specific measurements, creating a cohesive finish and edge.

[available in all finishes]

3D LAMINATE - DRAWER FRONTS

STOR-MORE
CLOSET & BLINDS

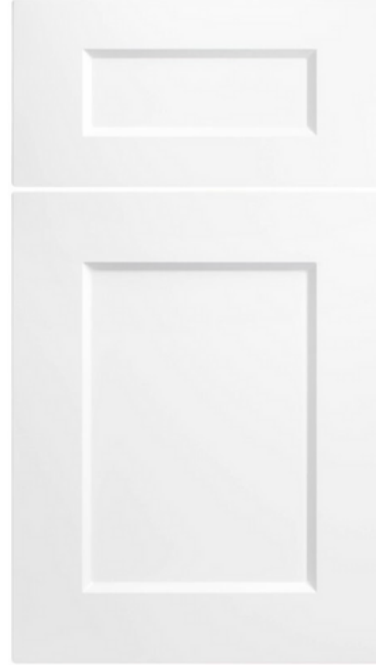

This collection is highly durable with a long-lasting finish. The doors are made with superior grade MDF core and wrapped in high-quality 3D laminate to produce a consistent yet customized look.
